

Summer 2

Eco Warriors Home Learning

To be brought into school the **week commencing Monday 7th July**

Home Learning Task	For home learning this half term, we would like the children to design their own environmentally friendly product or recreate a product that already exists. The due date for these is the week of 7th July 2025 .
What to do	To design an environmentally friendly product - for example: - An environmentally friendly car, school, house etc. They can draw and label a picture of their environmentally friendly product or make a PowerPoint presentation explaining how it is environmentally friendly. Be creative - you don't actually have to be able to make it! They will have the chance to show it to their class and answer questions.
Success Criteria	To design (or make) something that... <ul style="list-style-type: none">• Is environmentally friendly - this could involve using renewable energy sources or it not being harmful to the environment• Uses recycled items
