Atom Prime Learning Platform

Dear Parents/Carers,

At Haymoor Junior School, we use an online learning platform called Atom Prime to access free resources to support English, maths and science. It supports our teachers to deliver a more personalised approach to learning for students and it will be regularly used for setting home learning tasks.

Benefits of using this platform for home learning include:

- ease of access with clear dates for when home learning is set and due for completion
- instant feedback to motivate learners
- adaptive tasks maintain optimum levels of success and challenge
- instructional videos included in the program can be used by children and parents to review any areas that your child is less confident in

Supporting your child with Atom Prime

You will soon receive an email with a secure link to create/verify your free Atom Prime Parent/Guardian Portal, directly linked to your child's account. This is a key part of Atom's safeguarding provision that enables your child to use Atom Prime outside school and to enable you to stay up-to-date with your child's progress throughout the year.

Please activate the parent portal as soon as possible, if you have not already done so, in order to view your child's home learning tasks. If, for any reason, you would like to opt-out, please contact your child's class teacher to let them know so that alternative home learning can be arranged. If you have any questions about using Atom learning, please access the help guides within the platform or contact your child's class teacher, via the school office.

Yours faithfully

Miss Lucy Waterhouse
Headteacher
